USER STORIES (Ver 3)

As Sohee Kang, a professor, I want to be able to create a class and add my students to it.

As Sohee Kang, a professor, I want to be able to see all the classes.

As Sohee Kang, a professor, I want to be able to create an assignment and add it to a class.

As Sohee Kang, a professor, I want to view all the assignments and add questions to them in a class.

As Sohee Kang, a professor, I want to view all the questions in an assignment

As Sohee Kang, a professor, I want to be able to register and login.

As Sohee Kang, a professor, I want to be able to set assignments visibility to my classes.

As Desmond Poon, a student, I want to be able to complete and submit assignments.

As Stephen Hsung, a professor, I want to be able set a certain number of attempts each student can make on an assignment.

As Ruby Hayden, a TA, I want to be able to set and get the marks of my students

As Brian Lau, a student, I want to be able to view marks and the correct answers after the completion of the assignment

As Desmond Poon, a student, I want to be able save my progress on each assignment, so I can work on them later.

As Brian Lau, a student, I want to be able to utilize various formulas and set my own parameters for them

As Stephen Hsung, a professor, I want to be able to schedule the release date and end date for a set of questions

As Brian Lau, a student, I want to be able to obtain a hardcopy of an assignment.

As Sohee Kang, a professor, I want to reward my students for finishing their assignment early, maybe a day or so before the deadline (i.e provide bonus marks).

As Sohee Kang, a professor, I want to be able to set up authorized assistant accounts that act on my behalf, without disclosing my credentials.

As Sohee Kang, a professor, I want to see a summary on how my students perform on individual assignment within a certain class

As Brian Lau, a student, I would like to have an overview on my marks in all assignments.

As Ruby Hayden, a TA, I want to be able to leave notes on the assignments of students

As Ruby Hayden, a TA, I want to be able to make up extra practice material and post them to my tutorials

As Sohee Kang, a professor, I want to have a discussion board, so my students can post their questions regarding the assignments on it, instead of emailing me.

As Stephen Hsung, a professor, I want to be able to import questions from an external source

As Stephen Hsung, a professor, I want to be able to import class information from an external source

As Desmond Poon, a student, I want to receive notification via email, when an assignment is released.

As Brian Lau, as a student, I want a leaderboard to see how well I am doing compared to my classmates
